

## MCC Policy on Use of Member's Images

In consideration of submitting photographs to any competition of The Melbourne Camera Club ("The Club"), the maker grants The Club a limited license to exhibit the submitted photographs on its premises during the competition and any associated exhibitions. It is also a condition of entry that photographs or facsimiles of photographs awarded with a commendation or higher award ("Awarded Photographs") may be used by The Club for the purposes including, without limitation, documenting, reporting and promoting the competition into which Awarded Photographs are entered or a similar competition or exhibition ("Agreed Use"). The photographer grants to The Club the right to reproduce Awarded Photographs for the Agreed Use. The Club undertakes to appropriately credit images to the maker when Awarded Photographs are used.

The photographer retains full copyright of his/her photographs and The Club undertakes not to sell members' photographs without the consent of the photographer.
